Subject: RE: Meeting Tuesday Oct. 26

Consultation Committee
Action Plan 2004-2005

Nicole Martin, Connie Miller, Sandra Light, Angie Petett, Sandra Light, Rebekah Burns, Mary Dueker

1. Develop an Assistive Technology Plan (outline to refer to) - By next meeting
2. Continue to pursue having all counties develop an inventory - change in method:
 - email teachers providing assistance if they have "unknown equipment"
 - present an example of the "table of equipment" to all teachers, while sending them a blank one as well - to assist with the process.
 - educate teachers on the plan of allowing them to keep their equipment but that they can be a resource to others and allow fellow teachers to consult with them before purchasing equipment/software. ---ongoing----

Presentations: Need volunteers to present a model of the AT plan.
